God's Fullness in Us

READ EPHESIANS 1:21

Bible Thought: ***"Yet it is in him that God gives a full and complete expression of himself (within the physical limits that he set himself in Christ). Moreover, your own completeness is only realized in him, who is the authority over all authorities, and the supreme power over all powers"*** **(Colossians 2:9-10).**

WITH JESUS in our hearts, God gives us the power to understand the love of our Savior, the love that caused the only one free from sin to die for the sins of all mankind. Our earthly knowledge renders us unable to grasp the completeness and never-ending love of Jesus. As human beings we have nothing we can compare it with. Only God's power in us reveals the totality of this love to us. When we can comprehend this love, we are filled with *all* the fullness of God.

It is only through this comprehension and fullness that the words of Paul can be fulfilled when he said, "We have the very thoughts of Christ" (1 Corinthians 2:16). Praise God for that earth-shaking verse! Through God's power we are raised from servant status to the position of friend with Christ (John 15:14-15). We are no longer strangers with God, but part of his family (Ephesians 2:19).

> *"Blessed be the God and Father of our Lord Jesus Christ, who has blessed us in Christ with every spiritual blessing in the heavenly places . . ."* (Ephesians 1:3).

Hymn: "O Jesus, King Most Wonderful."

Thank you for your love, Father, that we can understand through your son, Jesus. Thank you also for bringing us into your family. In the name of Jesus, we praise you. Amen.

SPIRITUAL RENEWAL

The Spiritual Renewal Conference will start on July 14th and continue thru July 18th.

The speaker on the 14th will be Rev. Brad Wilson, Pastor of M. C. C., Miami, Florida; the 15th will be Rev. Howard Wells, Pastor M. C. C., San Francisco and on the 16th, Rev. Wilson, on Saturday the 17th, Rev. Wells and on Sunday morning, the 18th, Rev. Wilson.

We will have special choirs with us every night, special soloists and singing groups too. This is a Metropolitan Community Church, Los Angeles Revival. We need this revival here at M C C, Los Angeles and that is what it's all about. These men will be preaching The Word to us and we hope that every member of our Church will come out, really get involved and bring your friends and neighbors. Let's let them know that the Lord loves them and cares for them too. It's the time of year where we discuss our spiritual welfare. Let's feed our souls.

This is for our Church (but of course, everyone is urged to attend), but it is meant as a Spiritual Revival for members in Los Angeles.

Come one and all and have your spiritual taste buds tingled along with all of God's wonderful children.

By meditating upon the Christ of the Bible, we may become more like Him. By keeping the spiritual glow in our minds and hearts, we help to mold ourselves into the divine image. – *D. W. Charlton*

MORE LACE FROM THE LAVENDER LADIES

This past week has been a blessing in many ways for the Lavender Ladies.

First the telephone at Lori and Jim Oswald's apartment was kept quite busy with incoming calls from people interested in becoming part of the fellowship that we know as the Lavender Ladies. Others were just wanting to know what the new group is all about.

We members of the Lavender Ladies know that we wouldn't be getting this kind of interest from our lady friends-to-be if it wasn't for a fellow named Marty Seneca who has gone out of his way to make contact with various female impersonators and their lovers. "Thanks Marty for a very loving heart and compassion for your fellow man."

The rehearsals have already begun for the show that we will be doing on August 14th.

There were seven present when we started rehearsal Saturday morning, but you would have thought there were more, from what we had accomplished. The love and desire to do the best we could was there, and it gave us all the good fine feeling of belonging.

I, personally have been asked numerous times, what we hope to accomplish with this new group.

Well, that is very easy to answer. I personally want to see all my sisters have a chance to change the term "Drag Queen" from the now looked-down-on term that it is, to something that is not to be ashamed of and something that the whole Gay Community can look on with pride and say "They are our Gals", not with malice but with pride in their voice when they say it.

And with a little bit of help from God and effort on our part, I know that this goal will be reached.

I don't think that love has ever hurt anyone in any organization and there is love in the Lavender Ladies Group that we want to share with the whole community.

Yours in Christ,
The Lavender Ladies of Los Angeles

A VIEW FROM THE PEW
SAN DIEGO ON JULY 4TH

by Al Correa

What a pleasure to be home again after the exhilaration of an active Independence Day weekend! Alan Davis & Peter Sharpe asked us to be their houseguests in San Diego. I imagined at first that we couldn't go because of this column, but then it occured to me that readers who haven't attended services in San Diego might be interested in hearing about it.

Alan & Peter had a party Saturday July 3rd giving us a chance to meet some local Members on a more personal level. Alan chooses their guests as carefully as his menu, mixing in a few listeners, some talkers, and (as garnish)some attractive couples. The latter are set about like sprigs of parsley -- decorative and amusing but not to be eaten. This evening we met Rev. Howard Williams, Ken Owens, Dale, Jack, and Duane & Paul. Among others present were Hans and Irv Beazley from L.A. who were wo active in publications; Hans has been in Holland and had only recently returned. I remember drinking some clear whiskey, after which I proceeded to hand out a good deal of advice, as if I had achieved direct communication with the Almighty.

On Sunday before Services we had a chance to Meet Prodigal Editor John L. Wild, who is intelligent,attractive and surprisingly young; an active, dedicated Member, John not only Edits and writes for the Prodigal, he plays the organ at the Sunday Services and is a member of the Board of Directors. Had a long talk with Rev. Robert Cunningham, Pastor of MCC-Phoenix, who had taken the weekend off; he reported that the Phoenix and Tucson congregations have maintained a healthy balance in the numbers of women and men and there is great friendship and respect for one another among his flock.

San Diego has an "Old-Fashioned. Hymn-Sing" equivalent to our "Singspiration."Hans was invited to lead the singing and did so with much enthusiasm.Deacon Gus Gonzalez led us in the opening prayer,followed by a scripture reading. There was an Entrance Hymn during the procession of of ministers, deacons and choir members. Asst. Pastor Howard Williams conducted the Silent and Pastoral Prayer, saying "Let us tonight pray, not for ourselves, but for others." He had some announcements,among them the regretful need to cancel plans for the retreat on Mt. Palomar due to insufficient applicants. Many may actually have wanted to attend, but not enough came forward to make up the necessary minimum. Pastor John Hose then addressed us.

At a business seminar recently my Instructor said that us students would only retain about 25% of his lectures. The same is unfortunately true of the best of Sermons. John Hose made many fine points and, no doubt, we all found different messages to take home with us. The things I now recall are only those which carried a personal impact to me, such as his reminder that "... by the ways in which we are counted, we will be known and remembered." It being July 4th he spoke on the principles of freedom, saying "those of you who know me will know that I am not a demonstrator at heart. But when the cause is Just, you'll find me up in front." (Rev. Hose led a large bus group to Sacramento on June 25th with Asst. Pastor Howard Williams; on June 27th they marched again at the 2nd Annual Christopher Street West Parade in Hollywood.) Rev. Hose stressed the importance of continuing a flow of letters to the various legislators and assemblymen urging support for the Brown Bill. "This is your Christian responsibility to stand witness for your rights!" Summing up, Rev. Hose reminded us that no free government can stand without virtue in the people.

Choir Director Ken Herman led the Choir in "All Glory be to God on High". Ten were present; their excellent harmony clearly indicates many hours of practice. Perhaps they will be invited to sing at General Conference this FAll.

This being the First Sunday, 7 new communicants (all men) were presented to the Congregation who accepted them as Members. Pastor Hose said: "As part of the responsibility of Membership these new Members have been challenged to pledge what they feel they can contribute to continue the work of the Church." At this point the new Members placed their completed Pledge Cards in the offering plate upon the Altar. Holy Communion followed.

Worship services are conducted at Chollas View Methodist Church which is an unusual A-Frame structure, a form of architecture which lends itself admirably (with its soaring heights) to church use. The Altar and tall crucifix look particularly dramatic with certain light adjustments. Although it forms an interesting background the building will be inadequate to serve the dynamic growth MCC San Diego will achieve. 114 persons attended this Sunday, July 4th. Even the back pews were filled.

A pleasant fellowship hour follows services. Punch and coffee were available. We met Bud Bunce, Head of the Youth Group; Marge & Stacey; a delightful French woman named Pauline; a young couple we met a week before in L.A. (John & Ron)--they also marched in the Parade. Deacon Gus Gonzalez spoke to us and introduced his lover. We met many others there, and again later at some of the dance bars. They're a friendly, fun-loving group.

In conclusion, an aura of conservatism has heavily dominated and repressed the spirit of San Diego's Gay life, as I have known it. Throughout this weekend, however, I sensed a heightened feeling of GAY PRIDE, a new spirit of involvement in the hearts of our San Diego sisters and brotners that perhaps has resulted from the courageous example and leadership set by Pastor John Hose and Asst. Pastor Howard Williams. There were faces among the congregation that had demonstrated in Sacramento and marched in Hollywood, and once the spirit is liberated with the love and unity generated during such an event an irreversible conviction lodges in your head and in your heart which makes the inscription on the MCC San Diego banner become a reality. It reads:

"WE'RE NOT AFRAID ANYMORE!"

SPIRITUAL RENEWAL 1971 !!

SPIRITUAL RENEWAL 1971 !!

SPIRITUAL RENEWAL 1971 !!

7:30 PM NIGHTLY

The renewal of a person is something that goes far beyond most peoples conception of the word renewal. Most people think in terms of new interest in God's work, new interest in our Church, and new interest in our fellowman. But renewal is FAR more.

Spiritual Renewal is the total rebirth of Christ's living spirit within each and everyone of us. It is Christ taking over our lives completely. It is tearing down those barriers of hate and prejudice that we all have hidden within us somewhere. It is letting our Spirit be totally free, to the complete freedom of the love Christ taught us. It's being honest with God and saying, "Here am I, Lord, take me, use me, as thy instrument of love and Peace".

Spiritual Renewal is a great new adventure into God's world, which is far beyond the greatest exploration man has ever made. Do yourself a favor and come to Spiritual Renewal and meet the challenge of meeting GOD face to face.

Chairman, Board of Deacons,
Deacon Bill Thorne

WE DO CARE

One of the thoughts expressed at almost every Alcoholics Together meeting by nearly every sober alcoholic is:

"The good things that began happening to me after I sobered up are impossible to believe!"

Behind the miracle of recovery from alcoholism and the impossible task of not taking that first drink are many slogans the alcoholics use as gimmicks to help them when the going is toughest.

"Easy Does it" is one of the 1st slogans to come to mind. No one can be in more than one place at any given time nor can anyone solve but one problem at a time nor work more than one job at a time.

Normally the best way to handle all things is "Easy". This slogan does not mean to let everything go until another time. Some of us procrastinate more than we should,and there are many worthwhile things we CAN do today."Easy Does It" is good advice, so long as you DO it.

Just as "Easy Does it" can help you tackle a tough job with ease, the slogan "First Things First" can help the alcoholic to set his thinking in order. Quite naturally our members contend that the first thing the troubled alcoholic has to do is avoid the first drink, then there is a good chance everything else can be cared for later.

"Live and Let Live" is another gem that comes in handy many times. Given the conflict and criticism that exists among us, some consider this slogan as a plea for tolerance and rightly so. The emphasis is on living, we were all put on this earth to live our own lives as honestly as we can and in the best way we can be taught. Perhaps this view of "Live and Let Live" suggests that when we live our own lives to the best of our ability we will have less desire to find fault with efforts of others.

Even a sampling of the slogans we use as tools would be incomplete without "One Day At A Time".No matter that we remind our selves there is only 24 hours in each day many of us have found that we can do something simple and easily for one day that would appear impossible if we approached the same tasks on a monthly, yearly or a life time basis. You can do anything no matter how big or hard the job if you will do just 24 hours worth one day at a time.

Another handy tool to use is: "God As I Understand Him".As I see it, God made you as well as he made me. Depending upon what you have been taught about God, your knowledge of God will differ from every other human who has ever lived.Man's ideas about God range all the way from a loving Father to the furthest extreme of man's imagination. Naturally "God As I Understand Him" is the greatest and I know that my God can beat up on your God. I also know that you believe in your God in your way as strongly as I do.Really about the only thing I can ask of God is knowledge of His will for me and the power to carry out His will. I am never very sure that at any given time I am doing what God wills me. I only know that by trying to do God's will with my limited knowledge, some of the time I do so. I believe that my desire to do His will in fact, does please Him.

Alcoholics Together was started to help the Alcoholic Homosexual and the members of Alcoholics Together find a better way of life by using the Alcoholics Anonymous program as a guide in their daily lives. The Metropolitan Community Church recognizes alcoholism as a disease and supports the Alcoholics Together groups by encouraging homosexuals

with a drinking problem to take advantage of the recovery program they offer.

The Thursday night meeting of Alcoholics Together is held in the Social Hall of the MCC Church. There will always be coffee, cake, chatter and usually sandwiches, tea or a little something extra to add to your evening. The meeting starts at 8:30 PM, but some of us are always early. Everyone is welcome and no one has ever been turned away.

Another slogan we have is "Keep Coming Back" and if you find our fellowship fits your needs, perhaps you will "Keep Coming Back".

Signed,
Lester D.

THE FRESNO MISSION

On Sunday July 4, 1971, fifteen people gathered in the Fresno State College Religious Center. These people were all interested in getting M.C.C. Fresno off the ground. The School board of the college are not sure if it is proper for homosexuals to hold a worship service, but allowed us to use these facilities for a discussion. Needless to say since MCC is more, so much more, than just a discussion group, other arrangements must be made. There is a written request to the Pastor of another Church in Fresno requesting the use of his Church parlor. On the 17th of this month, he is going before his board and ask that we be allowed to use this parlor. We hope to hold our first worship service on the first Sunday in August or sooner.

At the July 4th discussion, Rev. Ploen explained that due to his obligation to the Mother Church in LA he would be unable to stay on as Pastor of Fresno. He further explained that Rev. Perry had asked Lee Spangenberg to make the trip to Fresno each week in the capacity of Worship Coordinator for the mission.

After introductions the group split into two groups, to prepare for a debate on what the Bible does and does not say about Homosexuals. One group against the Christian Homosexual and the other group defending them. I feel it was very educational for both groups and each person went away with much more understanding than we had when it began. The discussion lasted for 2 1/2 hrs. with never a dull moment.

Next Sunday the discussion will be on marriage, heterosexual and homosexual; the area's alike and not alike; gay marriage counceling and the legality of gay marriages.

The interest in getting M.C.C. started in Fresno is very good (not only Gay people but straight people as well. The sooner we can get our worship services started the better it will be. Many Fresno people have been to the Mother Church, one couple has already been married by Rev. Perry. There is so much to be done but progress can already be seen. Lee and myself will be going up to Fresno every Friday night or Saturday morning to spend the entire weekend to get this mission really rolling. With God's help and the help of the wonderful people living there, you will be hearing a lot about the Fresno Mission, all good. .....Any and all are invited to join us at any time.

Yours in Christ,
Ted J. Sweet

ANNUAL PICNIC

YOUR SOCIAL DIRECTOR

For the past month or so I have been writing about a Country Fair. Well, due to things beyond my control we are not having a Fair. As plans for the Fair progressed, so did the expenses, and when they reached a certain point, I backed out. Sorry about the change in plans, but I do not want to risk large amounts of money.

Instead of the fair the Social Committee, is planning a Bar-B-Q. This event is definite, and we are planning on a large turnout. The date for this is August 1st, and it will follow Church Services. We will have steaks, and a heck of a lot of fun. We are going to have it at the Arroyo Seco Park, off the Pasadena Freeway.

Because of the menu for this function, you must purchase your ticket in advance. There will be no tickets sold after church that day. The donation is $2.00.

On August 21st, we are having an Ice Cream Social and Dance. The summer weather will be perfect for a dance of this type. When you purchase a ticket to the dance, you get two choices of ice cream dishes. We will have banana splits, several types of sundaes and music to dance to. The dance will be held in the Social Hall, at 8PM. Donation $1.50.

We are planning our Anniversary Celebration in October. I think everyone will agree our 3rd Birthday should be celebrated. Cannot give a date or price yet, because we are still looking for a hall big enough to have the function and with the price low enough to have everyone there. I have been to every hotel in town, and it is quite interesting the excuses they have when they refuse us their facilities.

Elsewhere in our paper is information on the "Summer Cotillion." If you plan to attend, buy your ticket from MCC. We are getting a percentage from all tickets sold thru your Church, and as you well know we do need the money.

I am having another Social Committee meeting on Monday August 19th at 8 PM in the Social Hall. Our last meeting was quite productive. Our kitchen is organized, and we are going to give brunches every other week.

Next week, we are having another brunch and we want everyone of you to attend. Remember all proceeds go towards the renovation of that kitchen. Your support of past brunches have been quite wonderful. Thank you!

Many of you have asked for a menu ahead of time. This is a little hard to do. We cannot plan ahead that far, because we do not have the refrigeration for storage, and we cannot buy in large quantities like a restaurant does. In order to keep the price down for these events, we must buy what is on sale, or what purveyors will give us the week before the Brunch.

Those of you who can do institutional cooking, or have a restaurant background, I hope you will donate your services. Someone reading this article can do art work, and I need you. To advertise my functions, art work draws attention to the ad or poster, and the Social Committee can not afford to pay a professional artist. Will you donate your talents?

Your Social Director
Bill Bennett
